

	<p>Scoop stretcher and/or long board and/or lifting frame along with appropriate head blocks/straps Vacuum mattress (optional) Splints to include traction splint and pelvic splints Securing straps & bandages</p> <p>Dressings for Wounds and Burns (to include Clingfilm) Thermometer</p> <p>NOTE: Competitors may be from age 11 years to adult (spectators are of all ages)</p> <p>It is essential that all equipment has been checked to be in working order and that all drugs are known to be within their expiry date. Their use must only be by suitably qualified medical personnel. The onus of responsibility lies with the medical organisation or person supplying the cover and equipment, in accordance with the contract between them and the Organiser. Confirmation that equipment, drugs and means of communication are in order, must be made by the responsible medical officer to the BE Steward or Organiser before the start of the competition.</p>
<p>10.1</p> <p>10.2</p> <p>10.2.1</p> <p>10.2.2</p> <p>10.2.3</p> <p>10.2.4</p>	<p>Passports A valid passport and vaccination record</p> <ul style="list-style-type: none"> • must accompany the Horse to all Events, • must be available for inspection on collection of numbers, • must be produced on request at any other time during the Event. <p>Failure to comply with these requirements is a breach of this Rule and the Horse will only not be allowed to compete. at the BE Steward's discretion</p> <p>Vaccinations – National Competitions</p> <p>No Horse may take part in a BE National Event (which includes entering competition stables) unless it has a current vaccination against equine influenza which complies with the following conditions:</p> <ul style="list-style-type: none"> • Two injections for primary vaccination, not less than 21 days and not more than 92 days apart, are required before being eligible to compete; • A first booster injection must be given within seven months (not more than 215 days) after the second injection of primary vaccination; • Subsequent booster injections must be given at intervals of not more than one year, commencing after the first booster injection; • In order to compete a horse must be vaccinated in accordance with the above rules and MUST also have had a vaccination within 6 calendar months and 21 days of the competition, BUT; • No injection should have been given 7 days before the competition. <p>The Record of Vaccination(s) in the Horse's passport must be completed by the appropriate veterinary surgeon (who is neither the Owner nor the Competitor of the Horse) in which the record of injection(s) is completed, signed and stamped line by line.</p> <p>Notwithstanding the above, at the discretion of the Event Veterinary Officer, in consultation with the BE Steward, in cases where there are other historical discrepancies in a Horse's vaccination record, that Horse may nonetheless take part in an Event on such conditions as the Veterinary Officer considers appropriate, but the circumstances must be noted on the certificate. The Horse must be re-vaccinated so as to comply with this Rule and the certificate duly completed before it becomes eligible to compete in its next Event.</p> <p>No relevant injection may have been given on the day of competition.</p>
