### Course description

Pontispool's course runs over permanent grass and parkland and crosses interesting, mildly undulating countryside. Designed by Eric Winter and built by Richard Mitford-Slade and Stanislav Kacanovski, all courses are up to height and inviting. All courses are educational with a good variety of fences including water, ditches, steps and banks. Easier alternatives are included at technical fences. The BE aggravators will be used if conditions require and there are all-weather take offs and landings at permanent fences. New fences are added each year and the courses vary between BE events. The Showjumping takes place on all-weather and the Showjumping practice arena has been extended.
