### Course description

Pontispool's course runs over permanent grass and parkland. It crosses interesting, mildly undulating countryside. Designed by Eric Winter, all courses are up to height and inviting. They are educational with a good variety of fences including water, ditches, steps and banks. Easier alternatives are included at technical fences. The BE aggravators will be used if conditions require and there are all weather take-off and landings at permanent fences. Each year, new fences are added and the courses vary between BE events. The Showjumping takes place on all-weather surface - the Show Jump practice arena is also on the same surface.
