## **Course Description**

Pontispool's course runs over permanent grass and parkland and crosses interesting, mildly undulating countryside. Designed by Eric Winter all courses are up to height and inviting. There are a good variety of fences and the designer makes use of natural features and three water complexes.. The BE aggravators will be used if conditions require and there are all weather take-offs and landings at permanent fences. Each year new fences are added and the courses vary between BE events. The show jumping ring and practice area take place on the 11,000 sq metre all-weather arena. The dressage is on level permanent pasture and will be aggravated if necessary.

## **Accommodation/Catering**

There are good catering trade stands where hot and cold food is available.

Accommodation is available on site and locally. Visit the website or contact the office for details.
