crosses interesting, mildly undulating countryside. All courses are up to height and inviting. There is a good variety of fences and the designer makes good use of natural features and three water complexes. The BE aggravator will be used if conditions require and there are all weather take-off and landings at permanent fences. Each year new fences are added and the courses vary between BE events. The show jumping ring and practice area take place on the 11,000 sq metre Wychanger all weather arena. The dressage is on level permanent pasture, which will be aerovated if necessary.
